Boost your energy and improve focus!

- Helps maximize physical endurance and mental focus during exercise. Get quick energy during workouts or whenever you need a fast, effective stamina boost.
- Supports your body's stress response to shorten recovery.
- Ingredients promote a more vigorous workout. XS™ Energy + Focus has natural caffeine from green tea extract. Combined with rhodiola rosea, it can help promote more vigorous workouts.
- Its primary ingredient, arctic herb rhodiola rosea, has been studied for its ability to enhance performance and reduce stress.

Research suggest rhodiola rosea helps:

- Maximize Energy
- Fight the Effects of Stress and Aging
- Sharpen Memory and Concentration
- Protects against Heart Disease and Cancer
- Ease Anxiety and Depression
- Help Balance Hormones
- Improve Sexual Function
- Enhance Physical Performance
- Block Fat for Lasting Weight Loss
