WE'LL TAKE CARE OF THE MESS. SO YOU CAN ENJOY THE MEMORY.

Whether it's dirty clothes from a day outside, messy countertops from an afternoon of baking, or gunked-up dishes from a delicious meal shared together, Legacy of Clean® products will take away the mess, so you can relish the memories.

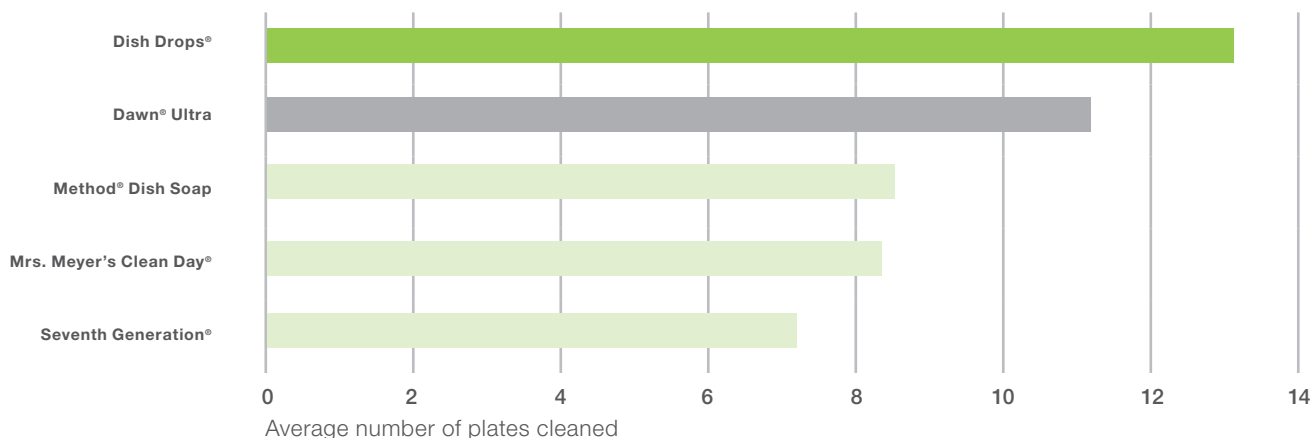

Our products are made with naturally derived ingredients, but what truly sets them apart is that they really work. So they're Better. Naturally.

Better, because they clean and wash more safely and effectively. Naturally, because of biodegradable ingredients that won't harm your home or your family and are safer for the earth.

Go ahead. Make some memories. And don't worry about the mess.

With Legacy of Clean® Dish Drops® Dishwashing Liquid, you can wash more dishes per drop.

Recognized by the U.S. Environmental Protection Agency's Design for the Environment program

Amway proudly participates in the U.S. Environmental Protection Agency's (EPA) Design for the Environment (DfE) program, which recognizes products with more positive health and environmental characteristics than conventional cleaners.

We stand behind our products with a 100% Customer Satisfaction Guarantee

If for any reason you are not completely satisfied with our products, you may return them within 180 days of purchase for an exchange or refund of the product price and applicable tax.

EPA/DfE recognition does not constitute endorsement of this product. The Design for the Environment logo signifies that the formula for this product, as Amway has represented it to the EPA, contains ingredients with more positive health and environmental characteristics than conventional cleaners. EPA/DfE relies solely on Amway, its integrity and good faith, for information on the composition, ingredients, and attributes of this product. EPA/DfE has not independently identified, i.e., via chemical analysis, the ingredients in the product formula, nor evaluated any of Amway's noningredient claims. EPA/DfE expresses its judgment and professional opinion only as to the environmental and human health characteristics of the product, based on currently available information and scientific understanding.
