

Artistry Ideal Radiance™ Illuminating CC Cream Broad Spectrum Sunscreen SPF 50

Discover the brightening effect of this exclusive breakthrough color-correcting formula for luminous, natural-looking skin. Artistry Ideal Radiance™ Illuminating CC Cream combines the benefits of an advanced skincare cream that brightens and protects in one simple step for beautiful, even-toned skin.

SUMMARY

Description

Brighten, color-correct, and protect your skin all in one simple step for radiant results. The new innovative formula of Artistry Ideal Radiance™ Illuminating CC Cream combines the color-correcting benefits of a tinted moisturizer with the advanced properties of a protective skincare formula for luminous, even-toned skin in a single cream.

The luxurious, customized Tahitian Pearl Blend increases the look of skin's natural radiance, instantly brightening while diminishing the appearance of imperfections. Specially designed emulsion with nourishing liposomes and an exquisite MultiFloral Blend provides hydration. The Multi-Dimensional Finishing Complex instantly perfects skin's appearance while color-control pigments even the skin tone. The exclusive technology and specially combined ingredients of Artistry Ideal Radiance™ Illuminating CC Cream create a highly advanced formula for a unique, breakthrough CC cream that fits easily into your beauty routine.

- **Brightens:** Pearl Blend boosts the look of skin's natural radiance to instantly even skin tone. Skin appears radiant and luminous. Specially designed emulsion with nourishing liposomes and an exquisite MultiFlora Blend provides hydration.
- **Color Corrects:** The Multi-Dimensional Finishing Complex instantly perfects skin while color-control pigments even the skin tone in sheer to medium coverage.
- **Protects:** Provides sun protection from harmful UV rays.

Benefits

Experience the advanced properties of this exclusive formula.

- Instantly brightens and boosts skin's radiance
- SPF 50 UVB/UVA protects skin from harmful UV rays and environmental stressors

- Diminishes the appearance of dark spots and imperfections
- Lightweight, long-lasting, sheer to medium coverage
- Evens skin tone and reduces redness
- Dermatologist and allergy tested; oil-free and non-comedogenic
- Works with all skin types (oily, dry, and combination skin)

Frequently Asked Questions

What is a CC cream?

It's skincare and makeup in one – CC stands for color correction.

What sets Artistry Ideal Radiance™ Illuminating CC Cream apart from other CC creams?

The exclusive ingredients including a customized blend of Pearl Protein and MultiFloral Blend provide amazing skincare benefits. 180-day satisfaction guarantee.

Why do I need to use this?

It's a one-step cream providing three major benefits:

- Natural coverage
- Exclusive skin-pampering qualities
- Sun protection

When do I use the Illuminating CC Cream?

Use it after moisturizing – before foundation for extra coverage, or alone for sheer coverage.

Do I still need foundation?

It depends on the coverage and finish you want:
 For a sheer, natural look, use the CC Cream alone.
 For extra coverage, use with a liquid foundation or concealer.

Why do I need brightening CC Cream?

Radiant skin means younger-looking skin. All of the Artistry Ideal Radiance™ products are formulated to help your skin look brighter, revealing its natural radiance.

What does it feel like? How does it look once applied?

The slightly dewy finish glides on like a cream for a radiant finish while the exclusive Pearl Protein blend adds

dimension and a subtle shimmer that looks luminous in any light.

More Information

Usage: Wear it alone after your Artistry® skincare regimen as a tinted moisturizer for sheer to medium coverage resulting in a radiant, luminous finish.
