

FAQS

Will this get me high?

No, CBD products do not have the psychoactive components that will get you high.

Is there THC in this product?

Yes, but less than the 0.3% standard established by the 2018 U.S. Farm Bill.

Will I fail a drug test if I use this product?

Since there is less than 0.3% THC in this product, you should not fail a drug test by using this topically.

Is this safety tested?

Yes, we used regular Amway manufacturing and testing procedures for this product. Most companies do not safety test their CBD products, so we are assuring consumers that this product is safe to use as directed.

How many milligrams of CBD are in this product?

The CBD Cool Spray contains 250 mg of CBD.

When do I use this product?

You can use this product before, during or after a workout, or after any strenuous activity.

Can I travel across state lines with this product?

Yes, this CBD product can be taken across state lines in the United States. However, it is currently ILLEGAL to transport CBD products across an international border.

Can pregnant or nursing women or children use this product?

We do not recommend this product for pregnant/nursing women or children. Please always consult your physician before using this product.

Where will this product be sold?

This product will only be sold in the U.S.
